CALIFORNIA ACCESS™

GAMING MOUSE CHILEAN

The mouse is equipped with 5 programmable buttons. Two keys located on the side panel allow you to freely change the values of the defined parameters. Above the clickable scroll is a single button used to change the DPI. Its position prevents accidental pressing while playing. The large main buttons are comfortable and their use does not cause a feeling of fatigue even after several hours of continuous "clicking". Striking backlighting is provided by TrueRGB technology.

Classic, well-tested design
Chilean CA-1062 is a gaming mouse with a classic design that will appeal to any gamer. Precision of movement is provided by the Sunplus 199IC optical sensor. The DPI resolution of this mouse reaches up to 6,400 DPI.

Robust and compact design
The Chilean mouse is designed to withstand even the most dynamic games full of excitement. The compact, solid design makes it feel good to hold in the hand, and the individual components have been well-fitted together.

Braided cable with a length of 180 cm
The 180cm long braided cable with gold-plated USB connector provides a perfect connection to your computer and a wide range of maneuverability.

Striking TrueRGB backlighting
True RGB technology is responsible for the mouse's striking appearance on the desk. The gentle illumination of the edges and logotype makes the mouse look above average, while not distracting the player.

Programmable buttons
The mouse has 5 programmable buttons, which allow you to assign any settings to them. Located on the side panel, two buttons allow you to freely change the values of the defined parameters. Large main buttons are comfortable and their use does not cause a feeling of fatigue even after several hours of continuous "clicking". In addition, the Chilean mouse is equipped with a clickable scroll wheel.
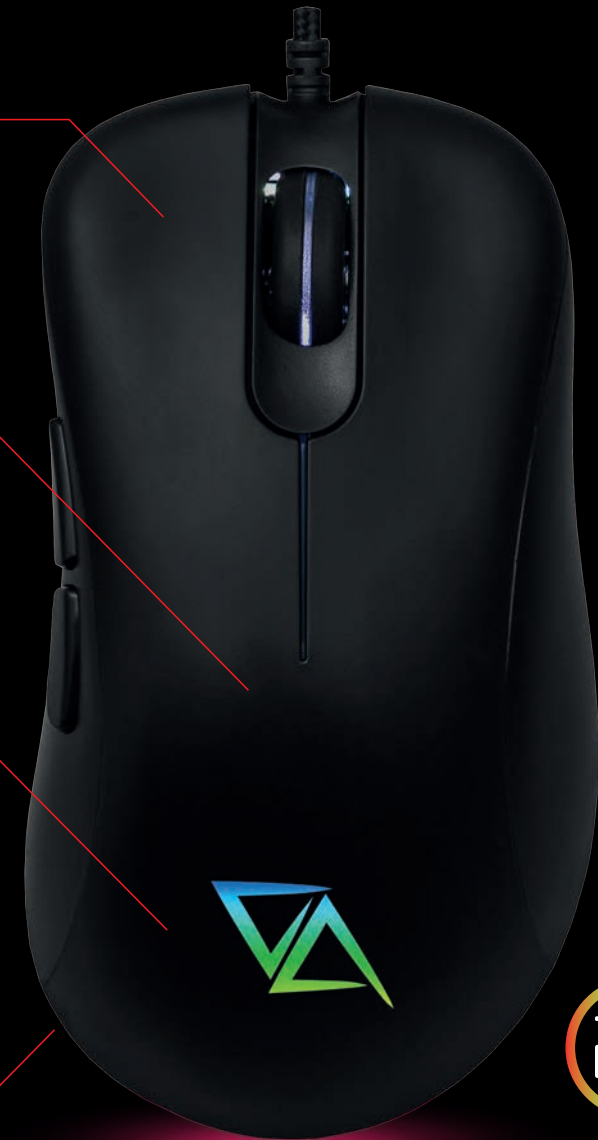

Technical data:

- optical sensor 199IC
- 7 buttons (2 side-buttons)
- resolution up to 6 400 DPI
- smooth and clickable scroll wheel
- True RGB colors palette
- power consumption 5V–100mA
- dimensions 125×67×42 mm
- weight 120g (±5g)
- cable lenght 1.8 m
- braided cable
- gold plated USB connector
- Velcro fastened
