

GAMING pad kaiten with INDUCTIVE CHARGING FUNCTION

Qi charging technology

The California Access Kaiten CA-1818 is an innovative mouse pad that combines the convenience of wireless charging with Qi technology with a large surface area for the mouse. The top side of the mousepad has a dedicated Qi wireless charging spot that will continuously provide power to your mouse and smartphones equipped with inductive charging technology.

TrueRGB backlighting

The Kaiten mousepad features striking TrueRGB backlighting along all edges. This will make your gaming stand light up with millions of colors, while keeping it distraction-free during gaming.
