

GAMING 4-IN-1 SET

The Chevron 4-in-1 set was created for all those who want to completely equip their gaming station with good quality equipment. The set includes a membrane gaming keyboard, a mouse with TrueRGB backlighting, headphones with microphone and a mouse pad. The whole set was packaged in a single cardboard box. This is an ideal solution for those who are thinking of a present for a beginner gamer, and care about complete, coordinated accessories. The Chevron set is a guarantee of a perfect gift. All you need to do is connect it to your computer and you can start the adventure! The whole set looks great thanks to True RGB backlighting.

- multimedia keys
- 4 mm (± 0.5) key movement distance
- 50 g (± 10) of key pressure
- rainbow backlight effects
- 3.7 V–85 mA power consumption
- dimensions 370×150×30 mm
- 140g (± 5 g) weight
- 1.5 m cable length

HEADSET

- stereo sound
- mini-jack and USB 2.0 plug
- 16 Ω sound impedance
- 20 mW max. sound power
- 50 mm speaker dimension
- 102 dB (± 3) speaker sensitivity
- 20 Hz–20 kHz speaker freq. range
- sound control
- power consumption 5V–100mA
- 4×1.5 mm microphone dimensions
- 100 Hz–10 kHz microphone freq.
- 2.2 k Ω microphone impedance
- -42 dB (± 2) microphone sensitivity
- 1.5 m cable length
- rainbow backlight effects

MOUSE

- optical sensor 704
- 7 buttons (2 side-buttons)
- resolution 4800 DPI
- smooth and clickable scroll wheel
- rainbow backlight effects
- power consumption 5V–100mA
- dimensions 123×69×42 mm
- weight 140g (± 5 g)
- cable length 1.5 m

PODKŁADKA

- material top: fabric
- base: anti-slip rubber
- width: 18 cm
- depth: 15 cm
- height: 0,2 cm

A keyboard made for the gamer

A membrane keyboard with striking True RGB backlighting and multimedia keys combines functionality with gaming flair. On this keyboard, you can gain the first sketches in your gaming adventure. The solidly built, compact chassis allows the user to focus completely on the details of the game you are turning on.

Chevron Gaming Mouse

Chevron mouse is equipped with 7 programmable buttons. Two keys located on the side panel allow you to freely change the values of the defined parameters. The large main buttons are comfortable and their use does not cause a feeling of fatigue even after several hours of continuous "clicking". Impressive backlighting is provided by TrueRGB technology.
